Foreword

Dear participants,

the Disc Golf Friends are looking forward for a great tournament in Dortmund!

This is the second time we provide a three-day event. For all of you there will be a round with 18 exciting holes every day!

We have improved the course again and hope you will like the changes. In any case, a good mix of length and precision will be required!

On Saturday evening there will be a players' night, a cool opportunity to meet with other players.

This caddy book replaces the player's meeting. If you have any questions in advance, please feel free to contact us.

I wish you a good time in Dortmund!

Scoring

We score ONLY with Disc Golf Metrix!

To participate in the tournament you MUST have a Disc Golf Metrix account.

Only one person in the flight must and can score.

Those who wish can write their results on paper for their own control (score cards are available at tee 1). The layout is also available on UDisc. However, the Disc Golf Metrix result will be the only source of truth.

The results must be digitally signed after the rounds. This works as follows:

1. Log in on DiscGolfMetrix.com.
2. Select the tournament and the round.
3. A message will appear at the top ("Please sign the results"). Click on the button
4. You should be able to see your results again and can check them. Click on the "Sign" button.
5. The scores are now locked and cannot be changed.

IMPORTANT The results MUST be digitally signed. Otherwise they will be considered as not submitted. Those who have problems signing can go to the tournament office and confirm the results personally.
